

Instructions for connecting to the Bienal wifi net

The Eduroam network will be available in the venue. However, for those who are unable to use Eduroam or experience connection problems, we have requested a dedicated network for the Bienal. These are the instructions for connecting to it.

- Connect to reinus-web. You will be prompted to initiate the connection. Alternatively, open the web browser. It may happen that the browser complains about security. Go ahead anyway.
- You will see this webpage. Click on the link indicated by a red oval.

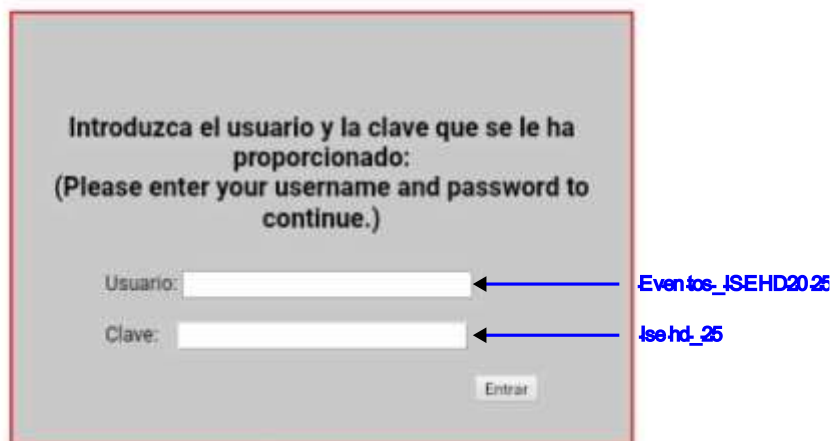

- You should get to this page. Enter the “Usuario” and “Clave”

Usuario: Eventos_BIENALRSEFISICA

Clave: RSEFisica26

Si se le ha proporcionado un **usuario/clave** para usar este SSID en un Evento, Congreso, etc. de la Universidad de Sevilla, por favor **pulse en el siguiente botón para tener acceso completo a Internet**.

Acceso con usuario/clave

Introduzca el usuario y la clave que se le ha proporcionado:
(Please enter your username and password to continue.)

Usuario: ← Eventos_ISEHD2025

Clave: ← Isehd_25

Entrar

You should be shown this page, indicating that you are connected to the ISEHD2025 SSD

ReInUS: Red Inalámbrica de la Universidad de Sevilla.

Se ha conectado correctamente al SSID reinus-web.

- Red Inalámbrica de la Universidad de Sevilla (ReInUS).
- Eduroam CAT (Configuración de dispositivos).
- Servicio de atención a usuarios (S.O.S.) del SIC.
